

## No Fear

I walked downtown with my nose in the air  
I know I'm right and I just don't care  
Then my mama, she said to me  
It's not about right, Be the best you can be

Don't fear (clap clap) My dear (clap clap)  
When you (clap clap) go wrong (clap clap)  
It's hard (clap clap) right here (clap clap)  
But not (clap clap) for long (clap clap)

So now I love to make mistakes  
I never give up, I take little breaks  
When people say you're wrong- woo hoo  
I know that I'm just cleverer than you!
